At some point, the regulators are going to really focus on how are people communicating their message, and, if they take the same type of rigor as they take with tobacco, it will be highly restrictive. Thanks for helping. The contributors consider how new digital technologies enable both the testing of hypotheses and the discovery of patterns and trends, as well as how "distant" and traditional "close" reading can complement each another in hybrid models of analysis that maintain careful attention to detail, but also make calculation, enumeration, and empirical description critical elements of interpretation.

The decision to include a number of titles in one volume is striking, as if they
